## MESSAGE FROM THE

# President

G'day Corvetters,

Well our Show and Shine has been and gone and what a disappointing turnout it was. If next year is as dismal in attendance then I believe that this great club tradition will cease as the cost far out weighs the response. We had 22 cars, which for a club with over 200 members is very sad indeed. We had two members from the central coast, and a special thanks to them for attending. We have 12 to 15 Corvettes turn up to a car show every month to show off our club, but can only get 22 'vettes to attend our annual show and shine (yes all those who attend the monthly car show attended our show and shine.

Two convention committee members and myself drove to Parkes to check out the convention accommodation and venues.

We were all greatly impressed, the accommodation is good even though we will have to spread ourselves over five motels (they are all only 5 minutes walk from each other. The showground is perfect for our show and shine, even if the gods are not kind to us, it has great undercover area for all the cars. Things are progressing nicely.

Looking forward to Port Macquarie, Codgers run, don't forget, Chromefest, and Jamberoo Car Show 29 Oct and Wings over Illawarra will be held March 2024.

I have gathered indepth and up-to-date information about Historic and Classic Registration for you. See full article from Government website starting on page 17 in this magazine.

**CORVETTE TRIVIA:** 1956 - 3,467 cars produced. New body with roll-up windows; V8-only; 3-speed manual transmission becomes standard equipment and Powerglide automatic is optional.

1957 - 6,339 cars produced. 283 cu in (4.64 L) V8; Optional 4-speed manual and fuel injection engine option added.

Hope to see you at our meetings at the Crossroads hotel, and also on the runs.

Hi Everyone - Hope you are well.

What a busy two months it has been.

On 26 August we attended Thomas Hassell Anglican College. Market stalls and car show with various makes of vehicles including our Corvettes. What a great day it turned out to be and a hearty CONGRATULATIONS to Simon and Cooper for winning a trophy - Well done Guys!

On 16 September we attended "Cars Under the Stars". A large number of vehicles and motorbikes were present. From our club, 8 Corvettes represented us on the night including two new members. It's great to see new members come to the events - Welcome everyone, another great night had by all.

It's also that time again for our annual AGM which will be held at our usual venue, The Crossroads Hotel at Casula. This is the time for you to vote for your new Executive Committee comprising of President, Vice President, Secretary and Treasurer and also a new general Committee is required. Please consider joining the committee as new ideas are most welcome. We would like to see as many members as possible at the October AGM enabling you to have your say and to vote for the running of your club.

At this time I will be stepping down as Vice President as I feel it is time to let someone else take up the position. I have enjoyed the interaction with the Committee and our members. Thanks everyone for your support,

Cheers *Cathy*

# WANDERING TO WOLLOMBI

In August the Codgers gathered at Ourimbah on a blue sky day with lots of blue 'vettes and a couple of others.

We cruised up the Yarramalong Valley and enjoyed the early spring greenery all the way. Stopping at the servo at the foot of Bumble Hill we turned the parking lot into a million dollar car display while sipping our coffee and basking in the sunshine.

Soon it was time to attack the climb up the hill and what a rumble could be heard from the convoy of seven great V8's pumping out some horsepower. Once we reached the top it was an easy roll along the Old Northern Road originally built with convict labour in the early 1800's.

Now it was time to order lunch at the Wollombi Tavern and check where the recent floods had reached almost to the rafters. It was hard to believe that the water from that little creek way down below the pub had carried so much water, but the pub has a history of dealing with flood and fire since 1858.

After a good lunch together it was time for us to head off in different directions for home. Some of us wandered around the village for a quick look at the historic buildings before we set off on our way. Another good day out!

We were shocked to find the news that one of the young (we know he must be young because he still goes to work), Codgers Mark Davies had been rear-ended in his C3 and that it was later written off. Fortunately Mark was not seriously hurt and was able to make it home that night. See the photo of his car on the tilt tray.

More next month

Cheers, **Pete**

# HEADING UP NORTH

In September it was decided to visit the northern part of our range to have lunch at Peter and Kerrie Middleton's local social club.

We gathered at the carpark just north of The Entrance bridge and with four 'vettes we set off to travel north along the Old Pacific Highway, one of Pete's favourite roads, or it was before the speed limits with increasing population slowed everything down, but the sweeping curves are still there with occasional glimpses of the beautiful Lake Macquarie and it is mostly 2 lanes each way so it is an easy drive in convoy.

After crossing the bridge at Swansea, the group rolled into the Baker's Den for coffee and some of the great cakes on offer. Barry told me it was the best Codgers coffee stop ever! Too much pressure for an old Codger to try to keep up with Mate.

Peter came down to meet us there and he became the tour leader for the rest of the way. So we travelled via Warner's Bay and the Newcastle bypass, then over Kooragang Island and past Newcastle Airport and on to Medowie Road to the Club. Plenty for all to see as we weaved our way around. Kerrie also joined us at the Club so there was a full table for us to have lunch together.

I also got to be co-pilot with Debbie in her new C8 for one leg of the trip. Very Cool and Smooth! Also love that new car scent and the rear view camera connected to the rear view mirror. Corvette Cruising is always good fun.

In October some of us are heading to Port Macquarie for the famous weekend organised by Lynne and Richard but Codgers will still be on in the following week on Thursday 19<sup>th</sup>. Look for the email soon or ring for the latest from Pete.

Hope to see you on the road sometime soon,

## DRIVE Lite - historic and classic

Dear club car members

Welcome to the August edition of DRIVE Lite - Historic Vehicle Scheme (HVS) and Classic Vehicle Scheme (CVS). This edition will discuss the responsibilities around signing a Historic Vehicle Declaration form, the transfer of registration and the requirement for manual pink slips. Thanks to Jeremy Rogers Photography, Port Macquarie Classic Motorcycle Club for the cover photo for this month.

### Signing a Historical Vehicle Declaration form

A car club's nominated Responsible Person signs the [Historic Vehicle Declaration \(nsw.gov.au\)](https://www.nsw.gov.au/historic-vehicle-declaration) on behalf of Transport for NSW. By signing this form, the Responsible Person is declaring that they are satisfied that the vehicle is in a safe operating condition and meets the requirements of the scheme. Please note:

- Only the nominated Responsible Person should sign the declaration
- This form must be submitted as an original as photocopies will not be accepted
- If the club is less than two years old, a Safety Check report is also required (many clubs require a Safety Check regardless of this rule as a compliance measure)
- The registered operator must be a member of the club
- Vehicles subsequently deemed to be ineligible under the scheme may be de-registered and the club may be at risk of a sanction.

More information about HVS scheme requirements is available on our website: [Registering and using a historic vehicle | NSW Government](https://www.nsw.gov.au/transport/vehicles/historic-vehicle-scheme).

## Keep your car club's details updated with our Accreditation Team

Please remember that all amendments to car club contact details (including any changes to the nominated Responsible Person) must be sent to the Transport Accreditation Team at [ais@transport.nsw.gov.au](mailto:ais@transport.nsw.gov.au).

### Can a vehicle on Historic or Classic registration be transferred to another person?

Historic and Classic registration is part of Transport's Conditional Registration scheme. Every year, the customer is signing to declare that they are agreeing to abide by all relevant conditions. Similarly, the relationship between the owner and their car club has been established, with club membership, payment of fees and acceptance of club rules and bylaws. **These responsibilities cannot be transferred during the registration year.**

To sell a vehicle on Historic or Classic Registration, the current owner must hand in the number plates to Service NSW and cancel the registration. The current owner should advise their car club that the vehicle is no longer associated with that club, and the vehicle can now be sold unregistered.

The recommendation to the buyer would be to utilise an unregistered vehicle permit (UVP) from Service NSW to safely transport the vehicle <https://www.service.nsw.gov.au/transaction/apply-for-an-unregistered-vehicle-permit>. Alternatively, a tilt tray tow truck provider could be used to safely transport the vehicle to its new home.

The new owner can now join a recognised car club and commence the process of obtaining Historic or Classic registration in their name should they wish to pursue this registration option.

[Registering and using a historic vehicle | NSW Government.](#)

### Reminder - Manual Pink Slips required for Historic or Classic registrations

Car clubs should adopt a robust compliance regime to increase road safety and to provide greater peace of mind to club members. Many clubs implement a "Blue Slip on entry, Pink Slip every year" requirement, above and beyond their own scrutineering processes and Transport encourages these measures.

A manual Pink Slip is required for Historic or Classic registration as the e -Safety Check system cannot be used. A good tip is to phone ahead to make your Pink Slip booking and advise the AIS examiner that you have a vehicle that requires a manual Pink Slip. All Authorised Inspection Stations are required to have a manual Inspection Report book for Conditional Registration purposes.

**Make sure to refer to our logbook factsheet [Historic and classic vehicles log book.pdf \(nsw.gov.au\)](#) when you are unsure of the logbook requirements under your conditional registration scheme.**

## Macarthur compliance blitz

On Saturday 5 August 2023, Transport for NSW (Transport) Investigators and Regulatory Compliance Officers assisted NSW Police with an operation targeting modified light vehicles within the Macarthur region.

NSW Police directed 58 vehicles to the Camden Council Carpark where Transport Regulatory Compliance Officers and Investigators inspected vehicles for compliance.

Some of the key results from the operation are outlined below:

- 37 vehicles were inspected by Transport Investigators and Regulatory Compliance Officers.
- 33 vehicles were issued defect notices.
- 11 vehicles were issued with a Yellow Defect label.
- 22 vehicles were issued with a Red Defect Label and were Major Grounded

We'd love to hear about what's working well and where we can improve. Your feedback will help us shape future editions of DRIVE Lite and bring you topics and information that's important to you.
